THE MASERATI BOOK

„SIMPLY F***ING AMAZING“

teNeues

Over the years, I witnessed Rene Staud create glorious photo and film experiences. He brought Maserati Cars SUVs and Fashion Collection to life through his exquisite art and passion.

The beautiful work that Rene envisions and executes for Maserati, involves extremely high level of professionalism and creativity, and a thorough understanding of the brand and its objectives.

He delivers brilliant work every time. I admire his attention down to the finite details, perfection in every vista, and the infinite love that's clearly invested in every one of his photographs and films. He brings out the human spirit through a mere object, and turns a car into a moving, living, and breathing extension of humanity.

*Rene is simply f***ing amazing!*

— Saad Chehab, former global chief marketing officer at Maserati

A perfect
relationship

A fashionable look at a glorious past,
present and a peek at the exciting future.

A Maserati is a multi-sensorial and multi-dimensional experience.

Capturing these dimensions is an appreciation for shape/sound/touch/sight fused together in lux, fashion, speed

and style. It's the ultimate symbol of La Dolce Vita.

Die Handschrift von Maserati ist auch von der Seite deutlich erkennbar: durch die drei berühmten Luftauslässe an dem vorderen Kotflügel, die grossen, rahmenlosen Seitenfenster und die trapezförmige C-Säule wird von einem Saetta Logo geziert, wie es erstmals beim Quattroporte von 1963 zu sehen war.

The design of the Levant shows a clear connection to the brand and its Italian character: the expressive front section has new, tapered head-lights, which are divided into two units, the upper one being connected to the radiator grille.

Seit vielen Jahren darf ich meinen Traumberuf ausüben. Denn meine Arbeit mache ich mit einem Ziel: Die Ansprüche meiner Kunden zu übertreffen. Sie immer wieder auf's Neue zu überraschen. Denn für die STAUD Studios galt schon immer das Credo, nicht nur über «schöne Bilder», sondern immer über «Emotionen» zu begeistern. «Kreativ, vielfältig und herausfordernd», so René Staud, Verfasser und Fotograf dieser Geschichte. Hierher, an ruhmreicher Stätte der Targa Florio haben wir parallel zu den aktuellen Produktfotos auch den Maserati Pinto 63 auf die Straße geholt. Einen Rennwagen der ganz seltenen Art, eines der Prachtexemplare aus der Maserati-Sammlung der Familie Panini.

I have been doing my dream job for many years. After all, my work has a clear goal: to exceed my customers' expectations and to surprise them time and again. At STAUD Studios, it has never just been about 'beautiful images', but connecting with people's emotions, too. Work that is creative, diverse and challenging. Here, on the famous route of the Targa Florio, where we are shooting product photos, we have also taken to the road in the Maserati Pinto 63 - a racing car like no other and one of the crown jewels in the Maserati collection of the Panini family.

Und mit dabei: Genevieve Morton, bekannt auch als Cover-Model von Sports Illustrated Swimwear. Italien bietet sich für solche Abenteuer ganz wunderbar an. Zum einen da von hier Maserati stammt, zum anderen wir in dem Land weilen wo Rennstrecken klangvolle Namen wie Mille Miglia oder Targa Floria tragen. Und man hier ein Faible für schöne Frauen und rassige Automobile hat. Zudem hat es nette Kurven hier in Sizilien. Allein eine Runde zügig zu fahren erfordert Konzentration, das Ganze im Renntempo und mehrfach zu bewältigen, zollt jedem eine gehörige Portion Respekt für die Rennfahrer von einst. Zwar ist der Strassenzustand heute teilweise tückisch mit vielen Straßenabsenkungen und Schlaglöchern, macht nichts, der Tipo 63 ist nicht nur laut und sportlich sondern eben auch ganz wunderbar alltagstauglich. Aber unwirklich sieht er dennoch aus, eine rotglühende

We are joined by Genevieve Morton, who is also known as the cover model for Sports Illustrated Swimsuit. Italy is perfect for these kinds of adventures. Not only is it the birthplace of Maserati, but its racetracks have such evocative names as Mille Miglia and Targa Floria. What's more, people have a soft spot for beautiful women and powerful cars - and there are a few nice bends here in Sicily too. Simply driving one lap at a brisk pace requires concentration. When you think that they used to complete several laps at racing speed, you are filled with respect for the racing drivers of days gone by. Although the roads are still somewhat treacherous, with uneven surfaces and potholes, the Tipo 63 doesn't have any trouble: not only is it loud and sporty, it's also perfectly suited to everyday driving. It still looks surreal, however: a flaming red vision that looks like it's travelled through time.
